TREATMENT COURTS AND ADDICTION MANAGEMENT

May 13, 2009
8:30 am to 4:30pm
Conifer Park
Main Lecture Hall
79 Glenridge Road
Glenville, NY 12302

9:00am to 10:30am

Demystifying Urine Drug Screening

presented by

Dr. Michael Alexandrov

This training will address definitions of screening and confirmation with UDS's. What substances are captured by the screen and those that are not. Definitions of substitutions, dilution, and adulteration.

10:45 am to 12:15pm

The Dually Diagnosed Client

presented by

Sue Fitzpatrick, LCSW

&

Rena DeAngelo, LMSW

This training will explore an overview of common mental health illnesses in substance abuse. Additionally, they will discuss the problems that workers and the legal system encounter with this population and the attempts of our dual diagnosis program to address them.

1:15pm to 2:45pm

Pain Management, Prescription Opiates, and Addictions

presented by

Dr. John Melbourne

This training will focus on the intersection of pain management, prescription opiates, and addictions. Topics will include, the use of buprenorphine/suboxone in the treatment of addiction and the treatment of pain. Managing pain in addicts, the pain management contract and finally the need for physicians to screen for opiate misuse and addiction issues.

3:00pm to 4:30pm

Global Aspects of Addictions

presented by

Frank Pouliot, MS, CASAC

This workshop will cover the nature and character of addiction and how it manifests in behaviors and attitudes. There will be a discussion of the disease model of addiction, defense mechanisms, cultural issues, contingency management, stages of change and relapse prevention strategies.
